Praise the Lord dear brothers and sisters in Christ.

We are very thankful to God for giving us the opportunity to be able to communicate with you all and to share what God is doing with you! Thank you very much for your wishes of Merry Christmas and happy New Year to all of us. Thank God we had blessed Holidays and everything was fine. We are sure that you also had a blessed Christmas and New Year.

Senior Pastor Leonid I. Kisel with one of the families

We are very thankful to you for your prayers and support! We appreciate you all. With your help we were able to accomplish our vision this year! As we have told you that this year we wanted to do something more than the last year. Yes, we have done a lot with the help of the Lord and your help last year, but this year we decided to do even more.

You know Bible tells us to “go and preach the Gospel to all the nations”, but the best thing is when we find people who need Jesus Christ and who need our help and tell them about God’s love. So, this year we wanted to do much more than we did last year.

We know some officials in the government of our city and the mayor of Maykop city, so we asked them, the permission to do some outreach in our community. Thank

God their answer was YES and they also gave us some addresses of the families in our city that need some help. Of course we understand that they need Jesus first, they need salvation first and only then our help. So, we found out the addresses of families that are very poor and have many children, more than 7 kids. Last year we gave away many presents with all kinds of candies and sweets in it. But this year we decided not to give candies only but to help with some goods like food. We made like a big package of food (bread, cheese, sausage, meat, mayonnaise, rice, lots of can food, fish and other things) to each family and of course we have included lots of candies as well for kids. And we were very happy to put two Bibles in each of those packages: a regular Bible and Bible with pictures for kids.

We gave away about 50 those packages. Senior Pastor of the ABC Leonid I. Kisel alone with other brothers took care of delivering of those packages. You know, People were more than happy to receive those gifts from us and to rejoice on Christmas. They were very thankful to us, but we told them that we are able to do that because our American brothers and sisters help us. And of course we told them to thank God for that. They were happy to hear the Good News of Jesus and we have invited them to come to our church. Now we should pray so God would open their hearts and they could come to the service. And we are sure God will touch their hearts and their lives will be changed.

In the very end we want to thank you very much again for helping us buying those food packages, for your financial help, because there is no way we could accomplish that without your help and of course we are very thankful for your prayers. We really need them. May God bless and reward you richly. Thank you very much again for everything you have done for us! We appreciate and love you all!

God bless you all!
